WORK EXPERIENCE

Lead Frontend Developer

Contract • 01/2023 – 02/2024

Northcott Global Solutions, London

A company that specialises in providing bespoke risk management and emergency services globally.

Tech: React.js, TypeScript, TailwindCSS, React Query, Google Maps API, OAuth2 and AdobeXD.

- Responsible for developing a **data-driven monolithic application** that empowered clients to effectively navigate potential threats while providing life-critical emergency services.
- Reduced development time significantly by **building reusable components and hooks** resulting in quicker feature releases.
- Achieved 1-3 seconds **faster loading time** than the existing PHP platform by utilising advanced React principles.
- **Organised virtual and in-person meetings** to discuss feature improvements and resolve bugs.
- Improved stability by vigorously **testing** and **optimising** features using testing tools and React hooks.
- Actively involved in being familiar with backend to resolve bugs efficiently.

Frontend Developer

Contract • 06/2022 – 11/2022

Plume, Bristol

An agency crafting learning management system for leading e-learning providers to build more efficient and scalable solutions.

Tech: React.js, TypeScript, SCSS, React Query, GSAP, JWT, Redux and Figma.

- Directly impacted over a million students globally by building an e-learning platform focused on gamification enhancing the learning experience.
- Worked closely with designers to bring creative concepts to life and collaborate with QA to resolve issues.
- Achieved recognition for UI/UX skills by transforming desktop only design to responsive application.

Frontend Developer

Kick-start Programme • 01/2022 – 07/2022

Learn&Co, London

A company that focuses on providing language courses for students of all levels.

Tech: React.js, TypeScript, CSS, Axios, Jest, JWT, and Figma

- Enhanced user engagement by making the platform responsive across all devices, bringing 15% more traffic.
- Benefitted from mentorship resulting in a good understanding of full stack development.
